DUNILIN

Dunilin napkins look and feel like linen offering excellent foldability and durability with its textile-like embossing. Ideal for restaurants and hotels looking to offer a premium dining experience for customers to perfectly complement their food.

DUNISOFT

Dunisoft napkins are fabric-like high-quality material with high absorbency to last several courses. Premium feel without the hassle of laundering linen. Airlaid material, which offers bulky, porous and soft properties with high absorption, making it much stronger in comparison to standard tissue. Ideal for restaurants, hotels, pubs, bars and cafés. Typically used for lunch, dinner, buffets and outdoor dining.
